One of the goals of OTC-ON ICE is to celebrate and support local music. Many of the artists have ties to Minnesota or neighboring states. Tigirlily hails from Hazen, ND, and their 2019 performance at OTC-ON ICE created an energetic following of fans in Otter Tail County. Patrick Murphy, an up and coming Nashville country star, originally from Perham, is sure to be a hit with the locals. Whiskey Business, another band from Perham, covers bands from AC/DC to Trapt. An appropriate sounding band for the event, 32 Below, is a group of hard-working rural boys from Fargo, ND. They've played for a National Football League halftime show. White Iron Band hails from Minnesota's Iron Range and is sure to play hits from their new album "Homebrew." Bemidji based Corey Medina & Brothers are quickly becoming legendary in the Northwoods for playing great music from the heart.

This year Law Enforcement for Special Olympics of Minnesota is bringing the chilling Polar Plunge to the event. Otter Tail County Sheriff's Office is partnering in the event to raise money for Special Olympics, the organization's biggest fundraiser. Gather your friends or challenge a co-worker and form a team to raise money for this organization. Fundraising is required to participate in the Polar Plunge, but the minimum \$75.00 you raise accomplishes so much more than getting you to jump into Otter Tail Lake in February! Examples of where your donation goes:

\$60 – Provides an eye examination and a pair of glasses for two Special Olympics Minnesota athletes

\$100 – Sends a Unified Pair to ALPs University – Special Olympics Minnesota's athlete leadership program

\$250 – Implements an entire Respect Campaign into a school/business/organization

\$500 – Provides funding to start a brand-new Special Olympics Minnesota Delegation

\$1250 – Sends a Special Olympics Minnesota athlete to Special Olympics USA Games
